

Dear Guests, Tour Operators, Wholesalers and Travel Agents

As part of our responsibility with the protection of our environment, Playa Nicuesa Rainforest Lodge is always looking for new ways to minimize the ecological impact in our planet.

We provide intimate experiences to connect with the natural world of the rainforest and ocean through educational and adventure activities while adhering to the highest level of sustainable hospitality.

More info here: http://www.nicuesalodge.com/sustainability.aspx

One of our most important sustainability goals consists in the reduction in the quantity of boat transfers operated daily, in order to minimize the use of fuel and the emission of gases that will pollute the environment. For this reason, we kindly ask your cooperation so your travel arrangements are scheduled to match our boat transfers predefined hours.

Please note that we pick up and drop off at both Puerto Jimenez and Golfito and both locations are equal distance to/from the Lodge. Thus, you should feel free to book either location, but please try to do so on the times listed below and help us with our sustainable initiatives.

Transfers have been set according to the flight itineraries from Nature Air and Sansa to guarantee a variety of options to our guests.

Therefore, please make sure your flights, private transfers and/or any other method of arrival/departure are scheduled before that time. An exception will be done for those guests arriving to Puerto Jimenez on the 03:12 PM flight listed on the above chart.
